PUNJMIN HIMALAYAN SALT

A LEGACY CARVED BY NATURE

PUNJMIN Himalayan Salt is the retail brand of Punjab Mineral Development Corporation, bringing authentic Himalayan salt from Pakistan's ancient Salt Range to homes and businesses around the world.

Every product begins deep beneath the Himalayan mountains, where nature spent millions of years creating one of the world's purest mineral resources.

With careful craftsmanship and responsible sourcing, each piece is transformed into products that combine natural beauty with everyday living, from edible salts and wellness essentials to decorative lighting and architectural applications.

Authenticity isn't something we claim.
It's where our story begins.

*Born from nature.
Refined by craftsmanship.

WHAT WE BELIEVE

We believe authenticity begins long before a product reaches your hands. It starts at the source, with the land, the people who understand it, and the responsibility to preserve what nature has created over millions of years. Every crystal we offer carries a story that cannot be replicated because it was shaped by time, not by manufacturing.

For us, quality is never an afterthought. It is a commitment to respecting the natural character of Himalayan salt, avoiding unnecessary alteration, and allowing every product to reflect the beauty of its origin. We believe that true craftsmanship is not about changing nature, but revealing it with care and purpose.

In a market full of resellers, we go straight to the source, because we are the source. Punjmin Himalayan Salt is the retail face of Punjmin (Punjab Mineral Development Corporation), which means the same hands that mine the salt are the ones bringing it to you. When we say it's authentic, we mean it, we can take you to the exact spot we excavated it from.

These beliefs guide every decision we make. They remind us that we are not simply creating products; we are preserving a natural legacy and sharing it with the world in its most honest form.

SUSTAINABILITY

AT PUNJMIN, SUSTAINABILITY IS AT THE HEART OF EVERYTHING WE DO. FROM THE MOUNTAINS OF PUNJAB TO THE PRODUCTS WE CREATE, WE ARE COMMITTED TO PRESERVING THE NATURAL HERITAGE OF THE HIMALAYAS AND CONTRIBUTING TO A BETTER FUTURE FOR GENERATIONS TO COME.

WE BELIEVE TRUE PROGRESS MEANS HONORING THE EARTH, USING RESOURCES RESPONSIBLY, AND CREATING WITH PURPOSE.

RESPONSIBLY SOURCED

Our salt is ethically extracted from the ancient Salt Range of Punjab, Pakistan. We follow responsible practices that protect natural formations and maintain ecological balance.

MINIMAL INTERVENTION

We believe in preserving the natural beauty of Himalayan salt. Our processes are designed to retain its pure form, unaltered and untouched.

THOUGHTFUL MANUFACTURING

Every stage of our production is carried out with care and efficiency, ensuring quality craftsmanship while minimizing waste and energy use.

CONSCIOUS PACKAGING

Our packaging is chosen with intention. We use recyclable materials and responsible solutions to reduce waste and support a cleaner planet.

*We preserve what
nature spent millions
of years creating.*
